

## WHAT ABOUT COST?

**Cost is determined on a case-by-case basis.** Our goal is to handle all financial administration processes for your ministry at below market costs. This will allow the ministry to invest more resources into other kingdom building efforts.

**Dr. Chris Crain**

Executive Director

Birmingham Metro Baptist Association

“Pastors, church staff, and laity were asking us regularly to help them with accounting, bookkeeping, reporting, and payroll. We decided that CASH could be one of the greatest blessings we could ever offer to the church. We know how to serve the church better than any secular organization could. God has gifted CASH with the right tools, track record, and people to free up the church to do its mission.”
